

why AOM?

Alternative to third-party maintenance (AOM) covers every major OEM. We have invested heavily in our systems and tools to ensure that you can always get the right replacement parts where and when you need them.

Premium Support for all Major OEMs in Networking, Server Infrastructure, Storage, Battery Back-Up, End-Point Devices.

Premium Support for all Major OEM's

Global Reach

Supporting 140+ countries worldwide. Access to 700 stocking locations and 400,000 parts. Spare part inventory for EOL Products.

FREE Contract and Asset Management Portal

Free Portal provides control for managing the full asset lifecycle from purchase to service renewal to disposal. Never miss a renewal date ever again.

Budget Friendly

Save from 50% - 80% of OEM maintenance cost. Maintenance can make up over 15% of an infrastructure purchase. Stretch your budget with AOM and free yourself from the expensive OEM force renewal cycle.

Flexible Service Agreements

Service Level Agreements can be customized to your specific needs, Choices from 8x5xNBD to 24x7x4 and customizable duration.

Straight to Level 3 Support

Support that is quicker and more flexible than most OEM contracts: AOM Level 3 engineers are available on call for support within minutes.
