Total Life Cycle Management

OEM / AOM:

- We step-in and step-up, providing AOM (Alternative to OEM Maintenance) solutions and extending the asset life-cycle and increasing ROI.

License & Subscription Management:

- Gain Access to Our Exclusive Partner Free cloud-based Asset & License Management Portal. Physical assets and software licenses can be easily managed.

Service Delivery:

- AOM offers End of Life/Discontinued and Break Fix hardware support for Legacy systems. We offer contracts to extend the serviceable life of your Network, Servers, and Accessories

Certified IT Asset Disposition:

- Data Destruction and Asset Disposition provides peace-of-mind knowing that customer information is removed, and physical drives, memory, tapes, and other material has been destroyed, properly and in accordance with the highest ITAD standards.
